Agenda

New Business

1. Overview of Information and Condition of Schools (ICOS) for Blue Heron
2. Overview of projects completed recently at Blue Heron
3. Tour of the Facility
4. Discussion and Input on Priorities of Facility Needs (Repairs/Improvements)

Meeting Notes

The meeting was held in the conference room in the Blue Heron office area and began at 6:00 pm. After introductions, Dr. Polm gave an overview of the committee purpose, the goal to complete a

Study and Survey, develop a 10-year plan, and prioritize items within the plan. The committee is an advisory committee.

Justin Gray reviewed the ICOS report and shared the purpose of the evaluation report and some of the concerns. He then partnered with Principal Campbell to tour several areas of the school. The group visited pods, classrooms, the library and several common areas. Mr. Gray discussed the mechanical systems, flooring, as well as other functional and cosmetic challenges.

The group reconvened in the conference room and discussed some of the projects Mr. Gray has on his planning list. Each committee member was invited to share opinions and comments. The meeting ended at 7:33 pm.

**Next Meeting: Salish Coast Elementary on October 30, 2019
from 6:00-7:30 pm**
