14. Adjournment_

3-28-2016 TO PT School Board From Elizabeth Johnson County Administrator, Philip Mortey invited me to proposal he Parks and Recreat advisory Board meeting Occurring on april 13, Courthouse, m. morley CVRP proposat.
Consider sending a advisory group descussion re an exu

Land use proposal for 20+ acres of county land located adjacent to Tri-Area Community Center for a recreational complex submitted by Elizabeth Johnson PO Box 522 Chimacum WA 98325 bethjoh2000@yahoo.com 3605312284, thirty year resident of Center, and career homemaker with children aged 42-17. Because my pet project would be a community college like Peninsula College this proposal incorporates an educational piece related to technical/vocational training for facility maintenance and business management. My other pet project would be, as an advocacy for vets, to make the drinking/smoking age to 19. The marijuana shops springing up in our area target a teen age group. By age 21 most people have experimented and rehaped. 21 years does not set a realistic goal for young people to refrain. Getting that age down to 19 might give them inspiration to refrain until 19 rather than starting so young.

Having the complex smoke/alcohol free would incorporate our community's drug prevention programs. Designing the center with a low carbon footprint would bring in funding from environmental technologies.

From design drawing:

I Entering from the east to the center of the park is a circular area which could have parking around it. Having an animal area is always a big draw for families. An opportunity for a small business entrepreneur in this area would be for an aquarium shop which would also provide a public aquarium viewing. Fish stores are very beautiful. In the pet area our local animal advocacy agencies, Center Valley Rescue and the Humane Society, could have their animals on display and be advocating their agencies. As far as a hands on animal area this would be related to the fiber arts community with wool animals. A yarn/hat store could provide local fiber artists with a cooperative venue for selling their wares.

II. Ice skating/hockey arena. This summer we visited Chiilawack, British Columbia. Anyone wanting a good example of how to grow a community should visit there. Entities extracting natural resources have invested in townhouse apartments, a college, swim pool, etc. The local hockey stadium is a long time pivotal part of the community. This arena in Chillawack would provide a good mentorship in establishing a local hockey team and setting up a hockey franchise. Aside from public recreation, an ice skating rink could also provide Olympic figure skating training. The opportunity in this area for small business entrepreneurship would be with selling clothing/equipment for ice skating and hockey. Connected to this arena would be public viewing areas and a restaurant. The restaurant could be built in tiers supported by poles which would provide parking spaces. The first tier would be on the ice floor level for snack carts. The second tier could be for breakfast lunch service with a third tier for fine dinner dining. Not only would there be a view of the ice rink but of the water slide park as well.

III. Water Slide Park: Of all the water slide parks I have visited, my favorite ones were the older simpler ones. This is because in the summer you see the local families coming out to them and really having fun and appreciating it. The proposed Recreational site should not be like a Disneyland but more like a science center. The water slide park like everything else in the proposed facility should have a component linked to Peninsula College. Journeymen working alongside apprentices who are receiving college credits/vocational training to use in the greater community. The water slide park would operate when school is out and could be decorated with lights and art as a view to the restaurant. Incorporated into the facility should be noncarbon footprint technology in addition to PUD power and water. With a water slide and pool, rain water systems should be installed. These systems could also be used to furnish irrigation grade water to people. Many, many people in Jefferson County haul water. If we collect rain water, then we don't suffer through drought periods with no water. Another idea for noncarbon footprint technology would be sky cars that travel through the center operated by pedals in gears. When the kids are waiting in line to ride the sky cab unit they could be powering other riders with their feet.

IV. Bowling Alley/+18 gambling/music dance: The Silverdale Bowling Center is a good example of what this could be. A bowling alley is an amazing place because it erases all the lines that separate us culturally, racailly, religiously, etc. The bowling center we had was a huge loss to the community. Above the bowling alley could be a +18 gambling with an all ages game room that has a view of the stage. As a local musician there is not enough mentoring for our local musicians. This stage could be an outreach for music and dances.

V. Outdoor heated pool with adjoining dressing room, sauna, hottub: Chlorine indoor pools probably have a lot of bad side effects and many people cannot use them. The Titlow pool in Tacoma was used for about 40 years for that areas swim team through the winter months. In the summer there is no finer swim experience in the Northwest as an outdoor heated pool. This would be an Olympic size pool with high dive, etc. Input from a local residence would like the facility to have a winter mood therapy section. He and his brother, who is now deceased, worked together designing a center. Implementing their design would be a lovely tribute in memory of. Again all elements of design construction and facility maintenance can be an offshoot of Peninsula College

technical training. Having a mood therapy center brings a medical component into the center and training in that field of research. With pools and general sanitation issues we bring our science and chemistry courses into focus.

VI. Veterans pagoda(not shown in design drawing) This could be a circular structure adjacent to the animal sections with parking with a covered area with a central barbeque/firepit in the center. It could be hosted by our local Veterans For Peace and other veterans groups. It could have plexiglass with recognitions for local service people. My son has served in the Mideast twice once with the Navy and more recently with the Coast Guard. I really like those honor flags put up on the highway but you can't really read them when you drive by. The center could offer a once a month free day for people with a military ID and have ceremonies on holidays that honor veterans. After Vietnam the voting age was lowered to 18 to honor our vets. Similarly, there should be political advocacy to lower drinking/smoking age to 19 to honor our returning troops. The whole point of the center is being sober so I don't know what this has to do with anything except that it is an agenda I feel is way overdue.

FUNDING: There should be a group of committed people who will get together once a month who will research funding elements. We should do this for about a year and then be able to present a comprehensive study of what might be feasible for the proposed site. As far as a bond, I would make this more of a surcharge on a property owners tax statement like between \$10-\$25 and be the same for everyone. This would be an optional charge but those investing would be treated like stock shareholders. The premise of the center would be profitability. So if there was ever profit being generated those property owners who agreed to a surcharge would be entitled to a rebate.

LODGING/Permanent housing: The Jamestown Sklallam Tribe has been planning a resort in a sensitive area. There might be room at this site for them to put up a hotel that shuttles people to their casino. This could be combined with some kind of permanent housing for workers/students/locals. Bringing the tribe into the project could generate Federal funds.

BOND CONGRATULATIONS!

Please accept our congratulations for successfully passing your recent Bond measure. The obvious community support is a clear demonstration of the trust and confidence in your district's leadership. Receiving the public's approval to collect additional tax dollars is the most visible and significant means of validating your work and the positive direction of Port Townsend School District. Any successful public election that impacts individual income indicates the greatest declaration of support from the electorate.

The Olympic Educational School District 114 (OESD 114) Board of Directors would also like you to know that OESD 114 continues to expand and enhance services in support of all school districts. Some of our newest services include procurement of additional local, state and federal grants, and growing staff professional development opportunities, especially in the STEM and ELA content areas. Our ESD provides a state-wide leadership role in planning and coordinating school safety and security enhancements to include regular senior leadership meetings comprised of leaders from our school districts, local tribal schools, law enforcement, mental health and emergency management professionals. We are also exploring electronic document storage and electronic contract routing solutions to meet state and federal record retention guidelines. We hope to arrive at a digital solution in the coming months where current records can be converted and easily retrieved, and where future records are automatically translated and digitally archived. Our plan is to offer our districts this service in the future, and as participation expands further, reduce conversion and sustainment costs as interest continues to grow.

Once again, please accept our sincerest congratulations and please know that we always remain available and offer whatever assistance you may need.

 - (nn) "State" means the State of Washington.
- (oo) "System of Registration" means the system of registration for the District's bonds and other obligations set forth in the District's Resolution No. 87-5.

- (qq) "Treasurer" means the Treasurer of Jefferson County, Washington, as *ex officio* treasurer of the District.

- (rr) "Undertaking" means the undertaking to provide continuing disclosure entered into pursuant to Section 16 of this resolution.
- <u>Section 2</u>. <u>Findings and Determinations</u>. The Board takes note of the following facts and hereby makes the following findings and determinations:
- (a) Pursuant to the Bond Election Resolution, the Bond Authorization was approved by the requisite number of voters.
- (b) Pursuant to the Bond Authorization and the laws governing the limitation of indebtedness, the District presently is authorized to issue and it has need for the Bonds authorized and described herein. The Board deems it to be in the best interests of the District to issue, sell and deliver the Bonds, subject to the provisions of this resolution, for the purpose of paying costs of carrying out and accomplishing the Projects.
- (c) The Board, pursuant to RCW 39.46.040(2), desires to delegate authority to the Secretary (or in the absence or disability of the Secretary, the Finance Director), for a limited time, to accept the Final Terms of, and execute, one or more Bond Purchase Agreements, subject to the parameters for such Final Terms set forth in this resolution.
- (d) Pursuant to the District's request under the Bond Election Resolution and the Guarantee Program, the Treasurer of the State has issued or will issue a certificate of eligibility to the District (the "Certificate of Eligibility") pledging the full faith, credit, and taxing power of the State to guarantee the payment, when due, of the principal of and interest on the Bonds as provided therein, and the Board hereby deems that participation in the Guarantee Program is in the District's best interests.
- <u>Section 3</u>. <u>Authorization of Bonds Pursuant to Election</u>. The District shall issue, sell and deliver one or more Series of Bonds, pursuant to the Bond Election Resolution (which by this reference is incorporated herein) and the Bond Authorization, for the purpose of paying costs of carrying out and accomplishing the Projects.
- Section 4. Description of Bonds. The Bonds shall be designated the Port Townsend School District No. 50, Jefferson County, Washington, Unlimited Tax General Obligation Bonds, 2016 (unless otherwise designated pursuant to the parameters for the Final Terms set forth in Exhibit A, which is attached to this resolution and incorporated herein by this reference). The Bonds shall be issued in the aggregate principal amount of not to exceed \$40,977,588; shall be in Authorized Denominations; and shall be numbered separately in the manner and with any additional designation as the Bond Registrar deems necessary for purposes of identification. The Bonds of each Series shall be dated the Issue Date of such Series, shall bear interest from such Issue Date at the rates and shall mature in the years and principal amounts, including the designation of Term Bonds, if any, all as set forth in the Bond Purchase Agreement for such Series accepted by the Designated Representative pursuant to Section 5 of this resolution.

The life of the Projects to be financed with the proceeds of the Bonds exceeds the term of the Bonds. The cost of particular categories of the Project property having shorter reasonably expected useful lives is allocated to Bonds having correspondingly earlier maturity dates.

Appointment of Designated Representative; Setting Parameters with Respect to the Final Terms; Approval of Bond Purchase Agreements; Expiration of Authority. It is anticipated that each Series of Bonds will be sold by negotiated sale to the Purchaser and that the Purchaser will present a Bond Purchase Agreement to the District offering to purchase each Series of Bonds. Pursuant to RCW 39.46.040(2), the Secretary, or in the absence or disability of the Secretary, the Finance Director, is hereby appointed as the District's Designated Representative and is authorized and directed on the District's behalf to accept the Final Terms of, and execute, one or more Bond Purchase Agreements subject to the parameters for such Final Terms set forth in Exhibit A. Final Terms shall be confirmed in each Bond Purchase Agreement and/or separate certificate(s) approved and executed by the Designated Representative in connection with the issuance of each Series of Bonds. The authority granted to the Designated Representative by this Section 5, and the authority to issue any Series of Bonds pursuant to this resolution, shall expire on December 31, 2017 (but only with respect to any Series of Bonds not issued by such date). The Issue Date of any Series of Bonds shall occur before December 31, 2017. Any Series of Bonds not issued by such date may be reauthorized by resolution of the Board, which resolution may be in the form of a new or amendatory resolution.

<u>Section 6.</u> <u>Bond Registrar; Registration and Transfer of Bonds.</u>

- (a) <u>Registration of Bonds</u>. The Bonds of each Series shall be issued only in registered form as to both principal and interest and the ownership of each Bond shall be recorded on the Bond Register maintained for such Series.
- (b) <u>Bond Registrar; Duties.</u> Pursuant to RCW 39.46.030(3)(b), the Treasurer has appointed the Bond Registrar. The Bond Registrar shall keep, or cause to be kept, sufficient books for the registration and transfer of each Series of Bonds, which shall be open to inspection by the District at all times. The Bond Registrar is authorized, on behalf of the District, to authenticate and deliver Bonds transferred or exchanged in accordance with the provisions of the Bonds and this resolution, to serve as the District's paying agent for the Bonds and to carry out all of the Bond Registrar's powers and duties under this resolution and the System of Registration. The Bond Registrar shall be responsible for its representations contained in the Bond Registrar's Certificate of Authentication on each Bond. The Bond Registrar may become an Owner with the same rights it would have if it were not the Bond Registrar and, to the extent permitted by law, may act as depository for and permit any of its officers or directors to act as members of, or in any other capacity with respect to, any committee formed to protect the rights of Owners.
- (c) <u>Bond Register; Transfer and Exchange</u>. The Bond Register for each Series shall contain the name and mailing address of the Registered Owner of each Bond of such Series and the principal amount and number of each Bond held by such Registered Owner. Any Bond surrendered to the Bond Registrar may be exchanged for a Bond or Bonds of the same Series in any Authorized Denomination of an equal aggregate principal amount and of the same interest rate and maturity. A Bond may be transferred only if endorsed in the manner provided thereon and surrendered to the Bond Registrar. Any exchange or transfer shall be without cost to the Owner or transferee. The Bond Registrar shall not be obligated to exchange any Bond or transfer registered ownership during the period between the applicable Record Date and the next upcoming interest payment or redemption date.

Securities Depository; Book-Entry Only Form. DTC is appointed as initial Securities Depository. Each Bond initially shall be registered in the name of Cede & Co., as the nominee of DTC. Each Bond registered in the name of the Securities Depository shall be held fully immobilized in book-entry only form by the Securities Depository in accordance with the provisions of the Letter of Representations. Registered ownership of any Bond registered in the name of the Securities Depository may not be transferred except: (i) to any successor Securities Depository; (ii) to any substitute Securities Depository appointed by the District; or (iii) to any person if the Bond is no longer to be held in book-entry only form. Upon the resignation of the Securities Depository, or upon a termination of the services of the Securities Depository by the District, the District may appoint a substitute Securities Depository. If (i) the Securities Depository resigns and the District does not appoint a substitute Securities Depository, or (ii) the District terminates the services of the Securities Depository, the Bonds no longer shall be held in book-entry only form and the registered ownership of each Bond may be transferred to any person as provided in this resolution. Neither the District nor the Bond Registrar shall have any obligation to participants of any Securities Depository or the persons for whom they act as nominees regarding accuracy of any records maintained by the Securities Depository or its participants. Neither the District nor the Bond Registrar shall be responsible for any notice that is permitted or required to be given to a Registered Owner except such notice as is required to be given by the Bond Registrar to the Securities Depository.

Section 7. Form and Execution of Bonds. The Bonds shall be prepared in a form consistent with the provisions of this resolution and State law and shall be signed by the Chair and the Secretary, either or both of whose signatures may be manual or in facsimile. The Bonds of each Series shall be printed at District expense and shall be delivered to the Purchaser in accordance with the Bond Purchase Agreement for such Series, together with an approving legal opinion of Bond Counsel regarding the Bonds of such Series.

No Bond shall be valid or obligatory for any purpose, or entitled to the benefits of this resolution, unless the Bond bears a certificate of authentication manually signed by the Bond Registrar stating: "This Bond is one of the fully registered Port Townsend School District No. 50, Jefferson County, Washington, Unlimited Tax General Obligation Bonds, 2016, described in the Bond Resolution." A minor deviation in the language of such certificate (including a deviation in the designation of the Bonds authorized by Exhibit A hereto) shall not void a certificate of authentication that otherwise is substantially in the form of the foregoing. The authorized signing of a certificate of authentication shall be conclusive evidence that the Bond so authenticated has been duly executed, authenticated and delivered and is entitled to the benefits of this resolution.

If any officer whose manual or facsimile signature appears on the Bonds ceases to be an officer of the District authorized to sign bonds before the Bonds bearing his or her manual or facsimile signature are authenticated or delivered by the Bond Registrar or issued by the District, those Bonds nevertheless may be authenticated, issued and delivered and, when authenticated, issued and delivered, shall be as binding on the District as though that person had continued to be an officer of the District authorized to sign bonds. Any Bond also may be signed on behalf of the District by any person who, on the actual date of signing of the Bond, is an officer of the District authorized to sign bonds, although he or she did not hold the required office on the Issue Date applicable to such Bond.

Section 8. Payment of Bonds. Principal of and interest on each Bond shall be payable in lawful money of the United States of America. Principal of and interest on each Bond registered in the name of the Securities Depository is payable in the manner set forth in the Letter of Representations. Interest on each Bond not registered in the name of the Securities Depository is payable by electronic transfer on the interest payment date, or by check or draft of the Bond Registrar mailed on the interest payment date to the Registered Owner at the address appearing on the Bond Register on the Record Date. However, the District is not required to make electronic transfers except pursuant to a request by a Registered Owner in writing received on or prior to the Record Date and at the sole expense of the Registered Owner. Principal of each Bond not registered in the name of the Securities Depository is payable upon presentation and surrender of the Bond by the Registered Owner to the Bond Registrar. The Bonds are not subject to acceleration under any circumstances.

<u>Section 9.</u> <u>Redemption Provisions and Purchase of Bonds.</u>

- (a) Optional Redemption. The Bonds may be subject to redemption at the option of the District on terms acceptable to the Designated Representative, as set forth in a Bond Purchase Agreement, consistent with the parameters set forth in Exhibit A.
- (b) <u>Mandatory Redemption</u>. Each Bond that is designated as a Term Bond in a Bond Purchase Agreement, consistent with the parameters set forth in Exhibit A, and except as set forth below, shall be called for redemption at a price equal to the stated principal amount to be redeemed, plus accrued interest, on the dates and in the amounts set forth in such Bond Purchase Agreement. If a Term Bond is redeemed under the optional redemption provisions, defeased or purchased by the District and surrendered for cancellation, the principal amount of the Term Bond so redeemed, defeased or purchased (irrespective of its actual redemption or purchase price) shall be credited against one or more scheduled mandatory redemption installments for that Term Bond. The District shall determine the manner in which the credit is to be allocated and shall notify the Bond Registrar in writing of its allocation prior to the earliest mandatory redemption date for that Term Bond for which notice of redemption has not already been given.
- of the outstanding Bonds are to be redeemed at the option of the District, the District shall select the Series and maturities to be redeemed. If fewer than all of the outstanding Bonds within a single maturity of a Series are to be redeemed, the Securities Depository shall select Bonds registered in the name of the Securities Depository to be redeemed in accordance with the Letter of Representations, and the Bond Registrar shall select all other Bonds to be redeemed randomly in such manner as the Bond Registrar shall determine. All or a portion of the principal amount of any Bond that is to be redeemed may be redeemed in any Authorized Denomination. If less than all of the outstanding principal amount of any Bond is redeemed, upon surrender of that Bond to the Bond Registrar, there shall be issued to the Registered Owner, without charge, a new Bond (or Bonds, at the option of the Registered Owner) of the same Series, maturity and interest rate in any Authorized Denomination in the aggregate principal amount to remain outstanding.
- (d) <u>Notice of Redemption</u>. Notice of redemption of each Bond registered in the name of the Securities Depository shall be given in accordance with the Letter of

Representations. Notice of redemption of each other Bond, unless waived by the Registered Owner, shall be given by the Bond Registrar not less than 20 nor more than 60 days prior to the date fixed for redemption by first-class mail, postage prepaid, to the Registered Owner at the address appearing on the Bond Register on the Record Date. The requirements of the preceding sentence shall be satisfied when notice has been mailed as so provided, whether or not it is actually received by an Owner. In addition, the redemption notice shall be mailed or sent electronically within the same period to the MSRB (if required under the Undertaking), to each Rating Agency, and to such other persons and with such additional information as the Secretary shall determine, but these additional mailings shall not be a condition precedent to the redemption of any Bond.

- (e) Rescission of Optional Redemption Notice. In the case of an optional redemption, the notice of redemption may state that the District retains the right to rescind the redemption notice and the redemption by giving a notice of rescission to the affected Registered Owners at any time on or prior to the date fixed for redemption. Any notice of optional redemption that is so rescinded shall be of no effect, and each Bond for which a notice of redemption has been rescinded shall remain outstanding.
- (f) <u>Effect of Redemption</u>. Interest on each Bond called for redemption shall cease to accrue on the date fixed for redemption, unless either the notice of optional redemption is rescinded as set forth above, or money sufficient to effect such redemption is not on deposit in the Debt Service Fund or in a trust account established to refund or defease the Bond.
- (g) <u>Purchase of Bonds</u>. The District reserves the right to purchase any or all of the Bonds offered to the District at any time at any price acceptable to the District plus accrued interest to the date of purchase.
- Section 10. Failure To Pay Bonds. If the principal of any Bond is not paid when the Bond is properly presented at its maturity date or date fixed for redemption, the District shall be obligated to pay interest on that Bond at the same rate provided in the Bond from and after its maturity date or date fixed for redemption until that Bond, both principal and interest, is paid in full or until sufficient money for its payment in full is on deposit in the Debt Service Fund, or in a trust account established to refund or defease the Bond, and the Bond has been called for payment by giving notice of that call to the Registered Owner.
- Section 11. Pledge of Taxes. For as long as any of the Bonds are outstanding, the District irrevocably pledges to levy taxes annually without limitation as to rate or amount on all of the taxable property within the District in an amount sufficient, together with other money legally available and to be used therefor, to pay when due the principal of and interest on the Bonds, and the full faith, credit and resources of the District are pledged irrevocably for the annual levy and collection of those taxes and the prompt payment of that principal and interest.

Section 12. <u>Tax Covenants</u>.

(a) <u>Preservation of Tax Exemption for Interest on Bonds</u>. The District covenants that it will take all actions necessary to prevent interest on the Bonds from being included in gross income for federal income tax purposes, and it will neither take any action nor

make or permit any use of proceeds of the Bonds or other funds of the District treated as proceeds of the Bonds that will cause interest on the Bonds to be included in gross income for federal income tax purposes. The District also covenants that it will, to the extent the arbitrage rebate requirements of Section 148 of the Code are applicable to the Bonds, take all actions necessary to comply (or to be treated as having complied) with those requirements in connection with the Bonds.

- (b) <u>Post-Issuance Compliance</u>. The Secretary is authorized and directed to adopt, amend and implement, on behalf of the District, written procedures to facilitate compliance by the District with the covenants in this Section 12 and the applicable requirements of the Code that must be satisfied after the Issue Date to prevent interest on the Bonds from being included in gross income for federal income tax purposes.
- (c) <u>Designation of Bonds as "Qualified Tax-Exempt Obligations.</u>" The Designated Representative is authorized to designate any Series of Bonds as "qualified tax-exempt obligations" for the purposes of Section 265(b)(3) of the Code if the Designated Representative determines and certifies, on behalf of the District, that:
- (i) the Bonds of such Series do not constitute "private activity bonds" within the meaning of Section 141 of the Code;
- (ii) the reasonably anticipated amount of tax-exempt obligations (other than private activity bonds and other obligations not required to be included in such calculation) that the District and any entity subordinate to the District (including any entity that the District controls, that derives its authority to issue tax-exempt obligations from the District, or that issues tax-exempt obligations on behalf of the District) will issue during the calendar year in which such Series of Bonds will be issued will not exceed \$10,000,000; and
- (iii) the amount of tax-exempt obligations, including such Series of Bonds, so designated by the District as "qualified tax-exempt obligations" for the purposes of Section 265(b)(3) of the Code during the calendar year in which such Series of Bonds will be issued will not exceed \$10,000,000.
- Section 13. Refunding or Defeasance of the Bonds. The District may issue refunding bonds pursuant to State law or use money available from any other lawful source to carry out a refunding or defeasance plan, which may include (a) paying when due the principal of and interest on any or all of the Bonds (the "defeased Bonds"); (b) redeeming the defeased Bonds prior to their maturity; and (c) paying the costs of the refunding or defeasance. If the District sets aside in a special trust fund or escrow account irrevocably pledged to that redemption or defeasance (the "trust account"), money and/or Government Obligations maturing at a time or times and bearing interest in amounts sufficient to redeem, refund or defease the defeased Bonds in accordance with their terms, then all right and interest of the Owners of the defeased Bonds in the covenants of this resolution and in the funds and accounts obligated to the payment of the defeased Bonds shall cease and become void. Thereafter, the Owners of defeased Bonds shall have the right to receive payment of the principal of and interest on the defeased Bonds solely from the trust account and the defeased Bonds shall be deemed no longer outstanding. In that

event, the District may apply money remaining in any fund or account (other than the trust account) established for the payment or redemption of the defeased Bonds to any lawful purpose.

Unless otherwise specified by the District in a refunding or defeasance plan, notice of refunding or defeasance shall be given, and selection of Bonds for any partial refunding or defeasance shall be conducted, in the manner prescribed in this resolution for the redemption of Bonds.

Section 14. Debt Service Fund and Deposit of Bond Proceeds.

- (a) From the proceeds received from the sale of each Series of Bonds, the Treasurer is authorized and directed to deposit in the Debt Service Fund that amount, if any, of Net Premium that the Designated Representative determines pursuant to Exhibit A of this resolution is to be deposited in the Debt Service Fund (which Net Premium shall be used to pay interest on the Bonds of that Series on their earliest interest payment date or dates).
- (b) The principal of and interest on the Bonds of each Series and on all other outstanding unlimited tax general obligation bonds of the District when due, shall be paid from the Debt Service Fund. All taxes collected for and allocated to the payment of the principal of and interest on the Bonds shall be deposited in the Debt Service Fund. Until needed to pay principal of and interest on the Bonds, the District may invest taxes collected for and allocated to the payment of the principal of and interest on the Bonds temporarily in any legal investment, and the investment earnings shall be retained in the Debt Service Fund and be spent for the purposes of that fund, except that the Board may authorize the transfer and credit of all or a portion of such investment earnings to another fund of the District pursuant to RCW 28A.320.320.

Section 15. Capital Projects Fund; Deposit of Bond Proceeds and Reduction of Bond Authorization.

- (a) The Treasurer is further authorized and directed to deposit in the Capital Projects Fund: (i) Net Premium that the Designated Representative determines, pursuant to Exhibit A of this resolution, is to be used to pay costs of issuing, selling and delivering each Series of Bonds; (ii) Net Premium that the Designated Representative determines, pursuant to Exhibit A of this resolution, is to be deposited in the Capital Projects Fund to be used to pay costs of the Projects other than the costs of issuing, selling and delivering each Series of Bonds; and (iii) the principal proceeds received from the sale of each Series of Bonds.
- (b) Principal proceeds and Net Premium, if any, deposited into the Capital Projects Fund from the sale of each Series of Bonds shall be only used for capital purposes that carry out and accomplish the Projects, as permitted by law, which shall not include the replacement of equipment. Until needed to pay costs of carrying out and accomplishing the Projects, the District may invest proceeds of each series of Bonds temporarily in any legal investment, and the investment earnings shall be retained in the Capital Projects Fund and be spent to pay costs of carrying out and accomplishing the Projects, except that earnings subject to a federal tax or rebate requirement may be withdrawn from the Capital Projects Fund and used for those tax or rebate purposes.

(c) The amount of the Bond Authorization shall be reduced by the sum of: (a) the stated principal amount of each Series of Bonds issued under this resolution; and (b) the amount, if any, of Net Premium deposited into the Capital Projects Fund pursuant to Section 15(a)(ii) of this resolution.

Section 16. Official Statement; Continuing Disclosure.

- (a) <u>Preliminary Official Statement</u>. For the sole purpose of the Purchaser's compliance with paragraph (b)(1) of Rule 15c2-12 with respect to any preliminary official statement prepared in connection with the sale of each Series of Bonds (the "Preliminary Official Statement"), and pursuant to the authority granted by the Bond Election Resolution, the Secretary and/or the Finance Director, on the District's behalf, has been authorized to: (i) review and "deem final" that Preliminary Official Statement as of its date, except for the omission of information permitted to be omitted by Rule 15c2-12; and (ii) to authorize the distribution by the Purchaser of the "deemed final" Preliminary Official Statement to potential purchasers of the Bonds of such Series.
- (b) Official Statement. The Secretary and/or the Finance Director is hereby authorized to review and approve on behalf of the District a final official statement (the "Official Statement") with respect to any Series of Bonds, substantially in the form of the "deemed final" Preliminary Official Statement for that Series of Bonds and supplemented or amended as the Secretary and/or the Finance Director deems necessary, desirable, or appropriate. The Secretary is authorized to execute each such Official Statement and the District is authorized to deliver or cause to be delivered that Official Statement to the Purchaser in the manner required by Rule 15c2-12, the MSRB and the applicable Bond Purchase Agreement.
- (c) <u>Undertaking to Provide Continuing Disclosure</u>. If necessary to meet the requirements of paragraph (b)(5) of Rule 15c2-12, as applicable to the Purchaser acting as a participating underwriter for a Series of Bonds, the Secretary is authorized to execute a written undertaking to provide continuing disclosure for the benefit of holders of a Series of Bonds in substantially the form attached to this resolution as Exhibit B, which is incorporated herein by this reference.
- <u>Section 17</u>. <u>Guarantee Program</u>. The District is hereby authorized to participate in the Guarantee Program with respect to the Bonds and agrees to the terms and conditions for participating in the Guarantee Program, as prescribed in chapter 39.98 RCW and the rules promulgated thereunder.
- <u>Section 18</u>. <u>Supplemental and Amendatory Resolutions</u>. The District may supplement or amend this resolution for any one or more of the following purposes without the consent of any Owners of the Bonds:
- (a) To add covenants and agreements that do not materially adversely affect the interests of Owners, or to surrender any right or power reserved to or conferred upon the District.
- (b) To cure any ambiguities, or to cure, correct or supplement any defective provision contained in this resolution in a manner that does not materially adversely affect the interests of Owners.

Section 19. General Authorization and Ratification. The Secretary, the Finance Director, the Chair, the Treasurer, other appropriate officers of the District and Bond Counsel are severally authorized and directed to take such actions and to execute such documents as in their judgment may be necessary or desirable to carry out the terms of, and complete the transactions contemplated by, this resolution and the Bond Purchase Agreements (including everything necessary for the prompt delivery of each Series of Bonds to the Purchaser and for the proper application, use and investment of the proceeds of the sale thereof). All actions taken prior to the effective date of this resolution in furtherance of and not inconsistent with the provisions of this resolution are hereby ratified and confirmed in all respects.

Section 20. Severability. The provisions of this resolution are declared to be separate and severable. If a court of competent jurisdiction, all appeals having been exhausted or all appeal periods having run, finds any provision of this resolution to be invalid or unenforceable as to any person or circumstance, such offending provision shall, if feasible, be deemed to be modified to be within the limits of enforceability or validity. However, if the offending provision cannot be so modified, it shall be null and void with respect to the particular person or circumstance, and all other provisions of this resolution in all other respects, and the offending provision with respect to all other persons and all other circumstances, shall remain valid and enforceable.

<u>Section 21</u>. <u>Effective Date of Resolution</u>. This resolution shall become effective immediately upon its adoption.

Port Townsend School District No. 50, Jefferson County, Washington Unlimited Tax General Obligation Bonds, 20

Port Townsend School District No. 50, Jefferson County, Washington (the "District"), makes the following written Undertaking for the benefit of holders of the above-referenced bonds (the "Bonds") issued pursuant to the District's Resolution No. 16-01, adopted by the Board of Directors of the District on April 11, 2016 (the "Bond Resolution"), for the sole purpose of assisting the Purchaser in meeting the requirements of paragraph (b)(5) of Rule 15c2-12, as applicable to a participating underwriter for the Bonds. STUDENTS

Classroom Management, Discipline and Corrective Action

Rules of student conduct are essential to maintain a school environment conducive to learning. A student's refusal to comply with written rules and regulations established for the governing of the school will constitute sufficient cause for discipline or corrective action.

Staff are responsible for supervising student behavior, employing effective classroom management methods and enforcing the rules of student conduct in a fair, consistent and non-discriminatory manner. Corrective action must be reasonable and necessary under the circumstances and reflect the district's priority to maintain a safe and positive learning environment for all students and staff.

Students and/or their parents/guardians will be provided all required substantive and procedural due process in regard to grievances, hearings and/or appeals of corrective action. The district will assist long-term suspended and expelled students in returning to school as soon as possible by providing them with a reengagement plan tailored to the student's individual circumstances, including consideration of the incident that led to the student's long-term suspension or expulsion.

The district will annually review data on disciplinary actions taken against students within each school disaggregated by sex, race, limited English proficiency and disability, including students protected by the Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973. The review must include short-term suspensions, long-term suspensions and expulsions. In reviewing the data, the district will determine whether it has disciplined a substantially disproportionate number of students within any of the disaggregated categories. If disproportionality is found, the district will take action to ensure that it is not the result of discrimination.

Sexual Harassment of Students Prohibited

This district is committed to a positive and productive education free from discrimination, including sexual harassment. This commitment extends to all students involved in academic, educational, extracurricular, athletic, and other programs or activities of the school, whether that program or activity is in a school facility, on school transportation or at a class or school training held elsewhere.

Definitions

For purposes of this policy, sexual harassment means unwelcome conduct or communication of a sexual nature. Sexual harassment can occur adult to student, student to student, or can be carried out by a group of students or adults and will be investigated by the District even if the alleged harasser is not a part of the school staff or student body. The district prohibits sexual harassment of students by other students, employees or third parties involved in school district activities.

Under federal and state law, the term "sexual harassment" includes:

- Unwelcome sexual or gender-directed conduct or communication that interferes with an individual's educational performance or creates an intimidating, hostile, or offensive environment;
- Unwelcome sexual advances:
- Unwelcome requests for sexual favors;
- Sexual demands when submission is a stated or implied condition of obtaining an educational benefit;
- Sexual demands where submission or rejection is a factor in an academic, or other school-related decision affecting an individual;
- Acts of sexual violence.

A "hostile environment" has been created for a student when sexual harassment is sufficiently serious to interfere with or limit the student's ability to participate in or benefit from the school's program. The more severe the conduct, the less need there is to demonstrate a repetitive series of incidents. In fact, a single or isolated incident of sexual harassment may create a hostile environment if the incident is sufficiently severe, violent, or egregious.

Investigation and Response

If the district knows, or reasonably should know, that sexual harassment has created a hostile environment, it will promptly investigate to determine what occurred and take appropriate steps to resolve the situation. If an investigation reveals that sexual harassment has created a hostile environment, the district will take prompt and effective steps reasonably calculated to end the sexual harassment, eliminate the hostile environment, prevent its recurrence and as appropriate, remedy its effects. The district will take prompt, equitable, and remedial action within its authority on reports, complaints, and grievances alleging sexual harassment that come to the attention of the district, either formally or informally. The district will take these steps every time a complaint, alleging sexual harassment comes to the attention of the district, either formally or formally.

Allegations of criminal misconduct will be reported to law enforcement and suspected child abuse will be reported to law enforcement or Child Protective Services. Regardless of whether the misconduct is reported to law enforcement, school staff will promptly investigate to determine what occurred and take appropriate steps to resolve the situation, to the extent that such investigation does not interfere with an ongoing criminal investigation. A criminal investigation does not relieve the district of its independent obligation to investigate and resolve sexual harassment.

Engaging in sexual harassment will result in appropriate discipline or other appropriate sanctions against offending students, staff, or other third parties involved in school district activities. Anyone else who engages in sexual harassment on school property or at school activities will have their access to school property and activities restricted, as appropriate.

Retaliation and False Allegations

Retaliation against any person who makes or is a witness in a sexual harassment complaint is prohibited and will result in appropriate discipline. The district will take appropriate actions to protect involved persons from retaliation.

It is a violation of this policy to knowingly report false allegations of sexual harassment. Persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

Staff Responsibilities

The superintendent will develop and implement formal and informal procedures for receiving, investigating, and resolving complaints or reports of sexual harassment. The procedures will include reasonable and prompt time lines and delineate staff responsibilities under this policy.

Any school employee who witnesses sexual harassment or receives a report, informal complaint, or written complaint about sexual harassment is responsible for informing the district Title IX or Civil Rights Compliance Coordinator. All staff are also responsible for directing complainants to the formal complaint process.

Reports of discrimination and discriminatory harassment will be referred to the district's Title IX/Civil Rights Compliance Coordinator. Reports of disability discrimination or harassment will be referred to the district's Section 504 Coordinator.

Notice and Training

The superintendent will develop procedures to provide age-appropriate information and education to district staff, students, parents, and volunteers regarding this policy and the recognition and prevention of sexual harassment. At a minimum, sexual harassment recognition and prevention and the elements of this policy will be included in staff, student, and regular volunteer orientation. This policy and procedure, which includes the complaint process, will be posted in each district building in a place available to staff, students, parents, volunteers, and visitors. Information about the policy and procedure will be clearly stated and conspicuously posted throughout each school building, provided to each employee and reproduced in each student, staff, volunteer, and parent handbook. Such notices will identify the district's Title IX Coordinator and provide contact information, including the coordinator's email address.

Policy Review

Date: _____

The superintendent will make an annual report to the board reviewing the use and efficacy of this policy and related procedures. Recommendations for changes to this policy, if applicable, will be included in the report. The superintendent is encouraged to involve staff, students, volunteers, and parents in the review process.

Use of Restraint and Isolation

Restraint, Isolation and Other Uses of Reasonable Force

This policy applies only to students with individualized education programs (IEP) or Section 504 plans while the students are participating in school-sponsored instruction or activities. As required by WAC 392-172A 03120 through 03135, District staff may use restraint or isolation to discourage undesirable student behaviors by special education students only in conjunction with an aversive intervention plan, or to control unpredicted spontaneous behavior that poses a clear and present danger of serious harm to the student, to another person, to property, or of disrupting the educational process. District staff will comply with all limitations and conditions on the use of restraint, isolation, and aversive interventions as required by law.

It is the policy of the Port Townsend Board of Directors that the district maintains a safe learning environment while treating all students with dignity and respect. All students in the district, including those who have an individualized education program (IEP) or plan developed under section 504 of the Rehabilitation Act of 1973, will remain free from unreasonable restraint, restraint devices, isolation, and other uses of physical force. Under no circumstances will these techniques be used as a form of discipline or punishment.

This policy is intended to address district students. It is not intended to prevent or limit the use of restraint or other reasonable force as necessary with adults or other youth from outside the district as allowed by law.

Use of restraint, isolation and other forms of reasonable force may be used on any student when reasonably necessary to control spontaneous behavior that poses an "imminent likelihood of serious harm" as defined by RCW 70.96B.010 and Chapter 392-172A WAC and explained in the procedure accompanying this policy. Serious harm includes physical harm to self, another, or district property. Staff will closely monitor such actions to prevent harm to the student and will use the minimum amount of restraint and isolation appropriate to protect the safety of students and staff. The restraint, isolation, and other forms of reasonable force will be discontinued when the likelihood of serious harm has dissipated.

The District will provide a copy of this policy to parents or guardians of students with IEP's or Section 504 plans when the programs or plans are created. All IEPs must include procedures for notifying parents or guardians regarding the use of restraint or isolation. A statement will be added to the Prior Notice section stating the District policy is attached to the IEP.

The superintendent or designee will develop procedures to implement this policy-, including review, reporting and parent/guardian notification of incidents involving restraint or isolation as required by law. Additionally, the superintendent will annually report to the board on incidents involving the use of force.
